INAUGURATION OF MAYNILAD POBLACION WATER TREATMENT PLANT

A new water treatment plant designed to process 150 million liters of drinking water per day (MLD) from Laguna Lake has been unveiled in Muntinlupa City.

President Marcos led yesterday the inauguration of Maynilad Water Services Inc. (Maynilad)'s P11-billion Poblacion Water Treatment Plant in Muntinlupa City, its third in Metro Manila.

Maynilad said the project is a vital part of its plan to develop alternative sources of water to ensure long-term water security for its customers.

The facility will serve around one million Maynilad customers in Parañaque, Las Piñas, Muntinlupa and Cavite.
