Gentlemen:

We reply to your request for clarifications on the news article entitled "DMCI sees 2016 profit remaining flat at P12B" posted in Inquirer.net on July 28, 2016. The article reported in part that:

"Consunji-led DMCI Holdings Inc. aims to generate P12 billion in net profit this year, matching last year's performance, as improved earnings from Semirara Mining and Power Corp. are seen to make up for the slack in other businesses.

.....

On the other hand, Consunji said the flat earnings outlook compared to last year for DMCI would be due to the expected decline in contribution from water utility Maynilad Water Services Inc. and the housing business under DMCI Homes.

....."

The Company estimates a net profit similar to last year's P12 billion due mainly to reduced contributions from Maynilad Water Services Inc. and DMCI Homes.

Our subsidiary, Semirara Mining and Power Corporation, is expected to partially offset these reductions because of its improved earnings from its expanded power generation capacity in Calaca, Batangas.

Thank you.
