## MEDIA RELEASE

### MWSS extends Maynilad concession term

The Metropolitan Waterworks and Sewerage System (MWSS) today approved the 15-year Concession Agreement term extension of Maynilad Water Services, Inc. (Maynilad), the private company providing water and wastewater services to the West Zone of the greater Manila area.

The extension of the Concession Agreement between Maynilad and MWSS to 2037 will enable the firm to increase its investments by more than 270%. From the P206 billion capital investment it submitted in its 2008 Business Plan, Maynilad now plans to spend P564 billion to accelerate and expand its service improvement projects in its concession area. The additional 15 years of operation will also provide Maynilad with a longer investment recovery period, thus trimming future water rate increases for its customers.

“The term extension is definitely a win-win for both the company and its stakeholders because it will enable us to take full advantage of long-term strategies for better water supply reliability and continued expansion in our unserved and under-served areas. It will also allow us to address critical environmental issues through intensified sewerage
